## About

 Nsour  Sat, 12/24/2022 - 08:58

### Full Stack Developer

I'm a software developer, with a background in risk management and insurance, with a passion for programming and creating pages where I can actually make good websites. We have already created more than 7 projects during my training with Orange, such as an e-commerce website, contract management website and employee evaluation page. Using technology (HTML, CSS, JavaScript, PHP, MySQL, Laravel, React.Js)

## GRILLRILLA Restaurants

Is an innovator and the absolute leader in the booming healthy -casual food industry. Today's customer has an insatiable, growing appetite for nutritious, delicious food and drinks, unlike the unhealthy fare offered by other quick-service food franchises. We are perfectly positioned to meet this demand. All our food and beverages are made fresh to order right in front of your eyes, using only natural ingredients of the highest quality.

- ✓ providing our guests with an extraordinary health experience unlike any they've ever tasted
- ✓ We can confidently claim that our menu is unlike anything else offered in the industry
- ✓ every item on our menu is as good for the body as it is for the taste buds.
- ✓ All our food and beverages are made fresh to order right in front of your eyes

### ABOUT US

Contract is a contract management system to easily manage and monitor all contracts during the contract life cycle. By doing so you will be able to reduce costs and risks

**VALUES**

We enable success by aligning our interests with those of our customers, providing the industry's only unconditional guarantee on the software. This ensures that it is never in our interest to exaggerate software capabilities.

**Mission**

We are on a mission to deliver Contract Lifecycle Management without limitations through agility, and deep expertise in order to transform contracts into relationships. Empower Builders. Enable Success

**Our Vision**

We're leading the way to a digital-first world. Follow us as we continue to change how business gets done. As a trusted solution provider and partner, help organizations become more agile with applications that work the way they do
